

## Gas School Pipe Testing Exemption Letter

To Whom It May Concern at CPS Energy:

This letter is to inform you that a gas pressure test was not performed at:

\_\_\_\_\_ Facility Name  
located at:

\_\_\_\_\_ Complete Address  
served by:

\_\_\_\_\_ Gas Meter Number (If applicable)  
within the:

\_\_\_\_\_ District/School Name

This location is exempt from State required school pipe testing by reason of (circle one):

- A. Site is vacant.
- B. Site is all-electric or utilizes energy other than natural gas from CPS Energy.
- C. Site is administrative ONLY, no students onsite at this location.
- D. Though the site is served natural gas by CPS Energy, gas is ONLY utilized within buildings used strictly for administrative purposes. The facilities where students receive instruction or congregate for school related studies, activities and/or functions are all electric and ARE NOT served by natural gas provided by CPS Energy.

Should the site status change and it becomes necessary for students to begin utilizing the facilities to receive instruction or congregate for school related studies, activities and/or functions, the aforementioned district and/or school fully understands its responsibility to notify CPS Energy IMMEDIATELY and that complete and accurate State required school gas pipe testing forms must be submitted to, and accepted by, CPS Energy BEFORE any such change in status may occur.
